Dear Imi,

The imparting of physical and combat fitness to IDF soldiers and commanders – and Imi Lichtenfeld are one and the same. An integral part of IDF activity. My appreciation to you for your part and your contribution to the IDF in cultivating the “Judaism of Muscles.”

And wishes for success upon publication of your book – A Guide to Moments of Distress, in the hopes that the readers will never have need of your advice and experience.

Sincerely,

Yitzhak Rabin
